## ECHO DIRECTOR PLEDGE

### Introduction

As Echo has grown over the years from a local to a regional to a statewide organization serving the interests of CID homeowner associations and their members, so too has the responsibility and time commitment of those who work to make Echo what it is, and particularly, its board of directors. No longer is it sufficient only to attend board meetings and participate in the discussions of the board. Every board member must also dedicate a substantial amount of time and effort outside of the board meetings to make the organization function and grow. Further, it is important that each member of the board be mindful and sensitive to the growing potential for conflicts of interest that may arise between a board member's business or professional interests and the interests of Echo.

Therefore, the board of directors of Echo has prepared the following pledge for those who desire to run for a position on the board of directors of Echo. The purpose of the pledge is to create a moral commitment that each member of the Echo board will devote the necessary time and energies to the job and always in the best interest of Echo.

### The Pledge

I pledge to accept my full share of the responsibility and to devote all of the time and effort necessary to carry out my duties as a member of the board of directors of the Executive Council of Homeowners. I recognize that this commitment will require both my attendance at board meetings as well as my devoting a substantial amount of time and effort on Echo's behalf outside of board meetings.

I pledge to be ever mindful of potential conflicts of interests between my business and professional interests and those of Echo, and to act always in the best interest of Echo.

I agree that I will abide by all terms of the Echo Articles of Incorporation, the Echo anti-trust policy, and the Echo Bylaws while I am a member of the Echo board.
